

Directorate General of Hydrocarbons in collaboration with DeGolyer and MacNaughton (D&M), USA, organized a three-day workshop on Petroleum Resource Management System (PRMS) from 10th to 12th January 2023 at Indian Habitat Centre, New Delhi. The workshop witnessed enthusiastic participation from E&P Industry, Banks, Financial Institutions, and the academia.

The event was graced by Shri Sunil Kumar, JS (E&BR), MoPNG, and Shri SCL Das, Director General, DGH who highlighted the importance of sound reservoir management for optimal exploitation of India's hydrocarbon reserves, and the role that PRMS will play in this endeavour.

The event ended with felicitation of the D&M experts and distribution of certificates of participation to the session attendees.
