

**Subject:** DGH Clarifications for Tender no. DGH/MM/FDP/RDG/112/2014/ENQ-143 Dated 10.09.2014 for “Third Party Evaluation of Gas FDP: Block RJ-ON-90/1” for queries received from M/s Netherland, Sewell & Associates, Inc

<b>Sl. No</b>	<b>Bidder Queries</b>	<b>DGH Clarification</b>
1	Please confirm that there will be 2 required meetings at the Directorate General of Hydrocarbons (DGH) office in Noida, India as per Annexure IV, sections 2.6 and 2.7.	Yes the meetings will be held at DGH as per annexure IV of Bid.
2	Please indicate if the Scope of Work will include a project kick-off meeting at either the DGH office in India or at the operator's office. If yes and the location will be the operator's office rather than DGH, please indicate the expected location of this meeting	Any meeting regarding the work shall be held at DGH, Noida.
3	In Annexure IV, section 3 b., "Other Technical data, if required and available, will be provided by DGH within 1 week from receipt of request". Can you provide some specifics as to what technical data may be available? For instance, will we be provided for our review geocellular models of the field, simulation models of the field, material balance and GAP-type models, seismic and well log data, core data and core analysis, operator interpretations, operator reports and presentations, PVT data and analysis, and data/monthly production data beyond the data and information contained in the FDP?	Efforts will be made to provide data as far as possible, related to the inferences drawn in FDP. However, no specific assurance can be given at this stage for the data that can be provided.
